- Vuetify

SUMMARY

Results-driven Developer with over 3.4 years of experience specializing in building scalable, high-performance web applications. Proficient in Vue.js and Nuxt.js, with strong expertise across React.js, TypeScript, and Firebase. Recognized for maintaining clean architecture, delivering robust solutions in fast-paced Agile environments, and utilizing modern project management tools to streamline engineering workflows.

EDUCATION

Jansons Institute of Technology (Anna University)

2022

B.E. Computer Science, CGPA: 7.8

EXPERIENCE

Span Technology Services Pvt Ltd

Feb 2022 - Jun 2026

Software Engineer *Coimbatore*

- Engineered high-performance web applications using Vue.js and Nuxt.js, significantly optimizing SEO scores and overall rendering speeds.
- Architected reusable Vue component libraries and Nuxt modules, standardizing UI patterns and substantially reducing development lifecycles across projects.
- Integrated Firebase Authentication and Single Sign-On (SSO) protocols to robustly secure applications and deliver seamless cross-platform user access.
- Migrated and refactored legacy codebases to TypeScript, establishing strict type-safety, minimizing runtime errors, and enhancing long-term maintainability.
- Optimized application performance through lazy loading, code splitting, and efficient state management using Vuex and Pinia.
- Participated in code reviews and mentored junior developers on best practices for component design and TypeScript adoption.

Zen N Zeal

March 2022 - Jan 2023

Web Development Intern *Coimbatore*

- Completed a 9-month internship building responsive websites using HTML, CSS, Bootstrap, and WordPress.
- Developed and customized WordPress themes and pages to meet client requirements and branding needs.
- Built responsive, cross-browser-compatible layouts using Bootstrap, strengthening core front-end fundamentals.

AWARDS

- Shine Star Award — recognized for outstanding contribution and performance.
- Spot Award — recognized for exceptional impact on a project.
